accessorize

A collage of five different cosmetic compacts. In the top left is a Too Faced bronzer with a brown lid and a patterned face. Next to it is a pink blush with a large rose embossed on the surface. To the right is a square blush with a lace-like pattern and a small tassel. Below that is a blue textured blush. In the bottom center is a pink blush with heart shapes. In the bottom left is a silver-toned compact with a dark, shimmering face.
